

# Houdini™

## CPAP Hose Support System

The Houdini CPAP Hose Support System offers a CPAP user the ability to support their hose and mask from above the bed while using their CPAP device, allowing the freedom to move from side to side without restriction. The Houdini's innovative telescopic pole allows the user to retract the pole downward, hence disappearing behind the pillow during non-use.

**Now You See it, Now You Don't!**
